GABLE'S HARDIER AZALEAS

As many of you know, we have been growing and recommending these Gable Hardier Azaleas for several years, and the more they are known the bigger the demand for them.

Mr. Gable has constantly had in mind a hardier type of Azalea with a much wider color range than has heretofore been possible to secure. He has had wonderful success in his efforts. We have been keeping in touch and working closely with Mr. Gable and are much pleased that we can offer the following varieties. Mr. Gable is still working for even better ones and we will offer stock of them just as soon as we have enough to warrant us in doing so.

Prices of Gable Azaleas:	10	100
* 2 in pot plants	$2.50	$20.00
* 2 yr. field beds XX trans.	4.50	40.00

Not less than five of a kind at these prices.

Billy. Bright red; single flowers.

Boudoir. 3 ft., dense, broad. Foliage hid under large blooms.

Cameo. Soft pink, double flowers. Quite attractive.

Claret. A bronzy claret red.

Corsage. 4 ft., broad bush. Single, large orchid blooms almost cover the bush.

Elizabeth Gable. 5 ft. One of the best evergreen azaleas. Late, rose pink flowers. Reliable bloomer.

Ethelwyn. (No. 49G). Light pink, single flowers. Light, glossy green foliage.

Mildred Mae. 3 ft. Broad and shapely. Early, lavender with red spots. Evergreen.

Old Faithful. 6 ft. Early, deep orchid. Vigorous. Regular bloomer.

Rosebud. Well named. Small, double flowers resembling miniature roses. Color pearl-pink.

Royalty. 6 ft. Broad, compact evergreen. Bright purple, double flowers.

Susan. (No. 54). Single salmon-pink, hardy, free bloomer.

GLENN DALE AZALEAS

The Division of Plant Exploration and Introduction at the Glenn Dale Plant Station introduced, in 1941, a group of selected seedlings from their own crosses. We have been growing and propagating these plants since then and we are now offering them to the trade.

These plants are most interesting. The flowers run to over 3 inches across and include both self colored and variegated. The plants are mostly excellent growers and do well here, and from all appearances will grow well in much colder sections. We hope to know more about this soon.

Prices: *2 in. pot plants at $2.50 per 10 of a variety, $20.00 per 100. Not less than 25 of a variety at the 100 price.

Alabaster (No. 141770). Late, medium height, rather spreading habit, 2 inch hose-in-hose flowers, white with an occasional fleck of pink.

Anchorite (No. 141900). Late, medium height, rather spreading habit, 2 inch rose colored flowers with an undertone of orange.

Buccaneer (No. 141903). Midseason, medium height, rather spreading, brilliant red.

Caprcie (No. 141792). Midseason, moderate height, upright habit, white flowers rayed and flaked with coral-red.

Carmel (No. 141776). Early, tall, single 2 inch flowers. Spinel-Red with blotch of Indian-Red dots.

Dayspring (No. 141780). Early, erect growth, flowers like large Kurume's, single, center white shading imperceptibly to clear pale pink.

Dimity (No. 141766). Early, tall bush to 6 feet, white flowers flaked and striped with brick red.

Fashion (No. 141788). Salmon-pink, hose-in-hose.

Gaiety (No. 141910). Late, medium height, rather spreading, bright clear pink, with rather heavy blotch of deep rose-red.

Glamour (No. 141908). Late, medium height, rather spreading, very brilliant rose-red.

Greeting (No. 141901). Midseason medium height, rather spreading very floriferous, coral-rose, edges of lobes somewhat wavy.

Joya (No. 141905). Late, medium height, habit like mucronatum, a brilliant rose-pink, large flowered.

Jubilant (No. 141781). Midseason, moderate height, spreading habit, striking hose-in-hose, salmon-pink flowers.

Minuet (No. 141772). Early, tall, erect growth, 1½ to 2 inch white flowers flaked with magenta.

Picador (No. 141899). Midseason, moderate height, rather spreading, brilliant orange-red, sunburns if planted in full exposure to light.

Pixie (No. 141777). Early, medium tall, smallish starry flowers with revolute lobes, white ground with a central ray of Spine-Red, blotch on upper lobe Spinel-Red.

Samite (No. 141791). Late, white, hose-in-hose.

No. 141783. Late, bright salmon to coppery-old-rose with darker markings. Very attractive.

LILACS

First class root grafts, wrapped with twine and waxed. $12.50 per 100. Not less than 25 of a kind.

CHARLES X, White; single.
CONGO, Lilac; single.

Neidzweizkyana. Foliage purple; flowers deep pink; fruit red.
Okonomeriat Echtermeyer. Weeping branches; flowers and fruit red.
Sargenti. Dwarf, spreading; flowers white; scarlet fruit.
Spectabilis. Coral-red buds paling to rose.
Spectabilis Rosea Plena. Double flowering form of above.

RED DOGWOOD

(Cornus Florida Rubra)

First class root grafts, wrapped with twine and waxed. $25.00 per 100.

EMBOSSED ZINC LABELS

We will make from your list of varieties, Embossed Zinc Labels, one-half inch wide at seven cents each in any quantity desired. These labels will permanently identify your plants.

ALUMINUM SULPHATE

Azaleas, Rhododendrons, Blueberries, Cornus Florida, Heather, Kalmia and many other plants require an acid soil. Acid-forming organic matter, such as well rotted oak leaves helps to increase acidity. Aluminum Sulphate is a good chemical for increasing soil acidity by using ¼ to ½ pound per square yard. Also used for turning hydrangeas blue.

10 lbs., $1.25; 50 lbs., $4.00; 100 lbs., $6.00.

A BOOK "AZALEAS AND CAMELLIAS" by H. H. HUME

Interest in Azaleas and Rhododendrons is greatly increasing. Until now, little information on varieties, care and culture of these plants has been available. Mr. Hume accurately and thoroughly describes the varieties best suited for various uses and discusses questions on culture, such as soils, fertilization, planting, propagating, and general care, indoors and out. He has taken special care to describe accurately the several groups of Azaleas and Camellias, and his suggestions on the use and culture are very practical. If you are growing Azaleas and Rhododendrons you will find this book much help. While the book is entitled "Azaleas and Camellias" it applies equally to Rhododendron culture. Price $2.00, postpaid.

PLAN TO VISIT OUR NURSERY

We will certainly be glad to have you come see our stock for yourself. We believe you will find it compares favorably with that grown by other nurseries. Some of our customers have told us it is better than is furnished by some others. We are on the Eastern Shore of Maryland, 100 miles south of Wilmington, Del., 100 miles from Cape Charles, Va., 90 miles from Annapolis, Md., via Matapeake ferry, 150 miles from Baltimore, Md., via Elkton, Md., 225 miles from New York, N. Y. We hope you can come see our stock.

CROONENBURG HOLLY

The Wonderful New Holly. In a mature plant the leaves are 2½ to 3¼ inches long and 2 to 2½ inches wide, having about 7 to 9 spines of a very dark green, not having the usual yellowish tint found in most familiar American Hollies. It bears berries from cuttings almost continuously, as three year old plants usually are well loaded with berries. This is a very special variety.

2 to 3 ft. B&B ..... $4.50 each

WATERLILY MAGNOLIA

This new Magnolia was named **"Waterlily"** on account of its resemblance to a waterlily and its sweet fragrance. Supposed to be a cross between Soulangeana and Stellata. Bushy and twiggy somewhat like Stellata. Bears a great profusion of flowers about the same time to a little later than Stellata. Flowers are well placed on ends of branchlets measuring from 4½ to 6 inches across, consisting of from three to five layers of petals averaging from twenty to thirty to a flower. Buds are flesh-pink; flowers are blush-pink, fading to white. Some seasons the flowers are all nearly pure white. This is a very attractive Magnolia and well worth space in your garden.

	Each	10	100
12 to 18 in.	$2.25	$20.00	$185.00
18 to 24 in.	3.00	27.50	
2 to 3 ft. B&B	4.50		

RHODODENDRONS

We have some nice plants of the following three varieties of Rhododendrons. 15 to 18 in. @ $2.75 each or $2.50 each in lots of 10 or more. We only have about 600 so better order early.

Dr. Dresselhuys. One of the best reds. Hardy. Very large flowers.
President Lincoln. A tall growing, hardy lavender flowering variety.
Roseum Elegans. One of the best all-around Rhododendrons. Blooms freely; pink flowers and one of the hardier ones.

PRUNING SHEARS

The ones we are using here. Nine inches long. Very good quality. $1.75 each; $19.50 per dozen.

CANADIAN HEMLOCK

We have just purchased a few thousand 12 to 15 inch transplanted Canadian Hemlock seedlings. There are more of them than we want to plant ourselves and are offering the surplus at $22.50 per 100.

CUPRINOL

STOPS AND PREVENTS RUST

Wood, fabric and rope don't just rot. They're eaten up by living fungi, termites and borers. Cuprinol puts a stop to it by an unusual principle of wood and fabric preservation. Originated abroad, Cuprinol has long been used by leading florists and nurserymen of Denmark, England and other European countries. Cuprinol is surface applied—by paint brush, dipping, spray gun or swab. Cuprinol treated material is non-poisonous to higher forms of animal and plant life. Exhaustive tests have proved that Cuprinol treated wood and fabric is non toxic to seedlings and plants in any stage of growth.

The manufacturers of Cuprinol say the wood will last three times as long as when untreated. Get a supply and see just what it will do. **"When Cuprinol goes in rot stays out."**

1 gal. cans at $3.45 per gallon; 5 gal. pail at $3.35 per gal.; 50 gal. drums at $3.10 per gallon.

READ BEFORE ORDERING

This is a condensed offering from our regular 32 page Wholesale Price List. In it we list both Lining-out and Specimen stock of a wide variety. If you do not already have a copy we will be glad to send you one if you will just tell us you want it.

Terms and conditions of business are the same as in our Regular Wholesale Price List.

The Tingle Nursery Co., Pittsville, Maryland
